

XR100 loudspeaker system

- Combining 600 Watts of power handling with superior musicality, the XR100 will fill even large rooms with full-bodied sound.
- Available in Gloss Black, Red Walnut and Pear Maple, the XR100's high-gloss finishes and fine cabinetry will be a welcome addition to even the most elegant homes.
- The XR100 utilizes 11 upper-frequency drivers. Their unique driver layout and crossover design combine high power handling with precise sound-staging.
- With four McIntosh Patented LD-HP woofers, these speakers reproduce an incredible deep bass experience from a slim cabinet design.
- The McIntosh front panel emblem can be illuminated using the Power Control facility on complementary McIntosh components.
- Two sets of unique Patented McIntosh speaker binding posts are provided for bi-wiring option.
- Solid alloy, machined Midrange Tweeter baffle enhances imaging and appearance.

Commanding performance in a sleek design.
